Dear Ambassador LaRocque:

USAID/Eastern and Southern Caribbean completed its review of a work-plan, supporting budget, and related budget narrative for the PEPFAR Regional Local Capacity Initiative for the period October 1, 2016 through to September 30, 2017. The documents were sent by the PANCAP's Coordinating Unit that is implementing the LCI activity. This Implementation Letter hereby provides our approval for the work-plan and supporting budget.

We look forward to an increased pace of program implementation leading to the successful completion of all activities by the end date of September 30, 2017 as well as continued close collaboration with the Secretariat.

Sincerely,

Christopher M. Cushing
