

TECHNICAL GUIDANCE -
HIV TREATMENT
DURING COVID-19 PANDEMIC

PREPARE FOR DISRUPTION OF SERVICES

CREATE CLIENT LIST

Create complete client list with contact details.

EMERGENCIES

Contact each client with instructions on medical emergencies and medication refills.

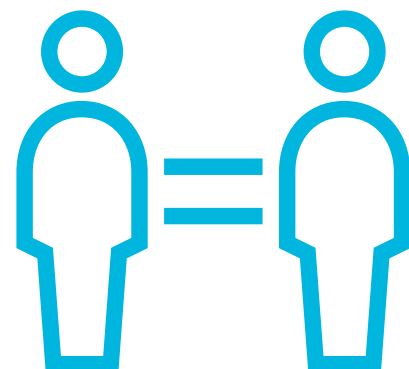

COMMUNICATE

Post instructions for medical emergencies and medication refills at clinic and outgoing message on telephone.

EQUAL ACCESS

Clients, regardless of citizenship or immigration status, should be provided with medication.

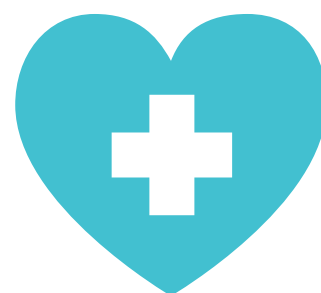

LOST TO FOLLOW UP

Track and trace individuals who have been lost to follow-up.

CARE PACKAGE

Provide them with package of care and treatment.
