

PANCAP: CHAMPIONS FOR CHANGE IV: RELAUNCH

September 12-13, 2017

**Scenarios for Champions for
Change in Support of Ending
AIDS by 2030**

Edward Greene

Scientific Developments to a Cure Q&A

Understanding Principal Barriers to a cure are **Reservoirs or Pockets** of virus remaining in a person even when they have reached so called undetected levels.

- Where in the body/ In which type of cells are these reservoirs located?
- How to chart the location of these reservoirs to focus therapies and ensure they reach the right targets?
- How are these pockets formed and sustained?
- How much of the virus remains in these reservoirs

SCIENTIFIC TRIALS PROVIDE HOPE

- Undermining or reversing the reservoirs// Diagnosis/knowing**
 - How much virus remains in reservoirs // Effective Interventions**
 - How to safely eliminate the virus // CURE.**
 - What Prospects of Success// ?? – Uncertain**
-
- Why Changing Context Important to success // despite no cure -----**

2030 SUSTAINABLE DEVELOPMENT GOALS

A call to action to end poverty, protect the planet and ensure peace and prosperity for all 17 integrated Goals 169 Targets [#3, #5 & #16]

By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases, other STIs & NCDs

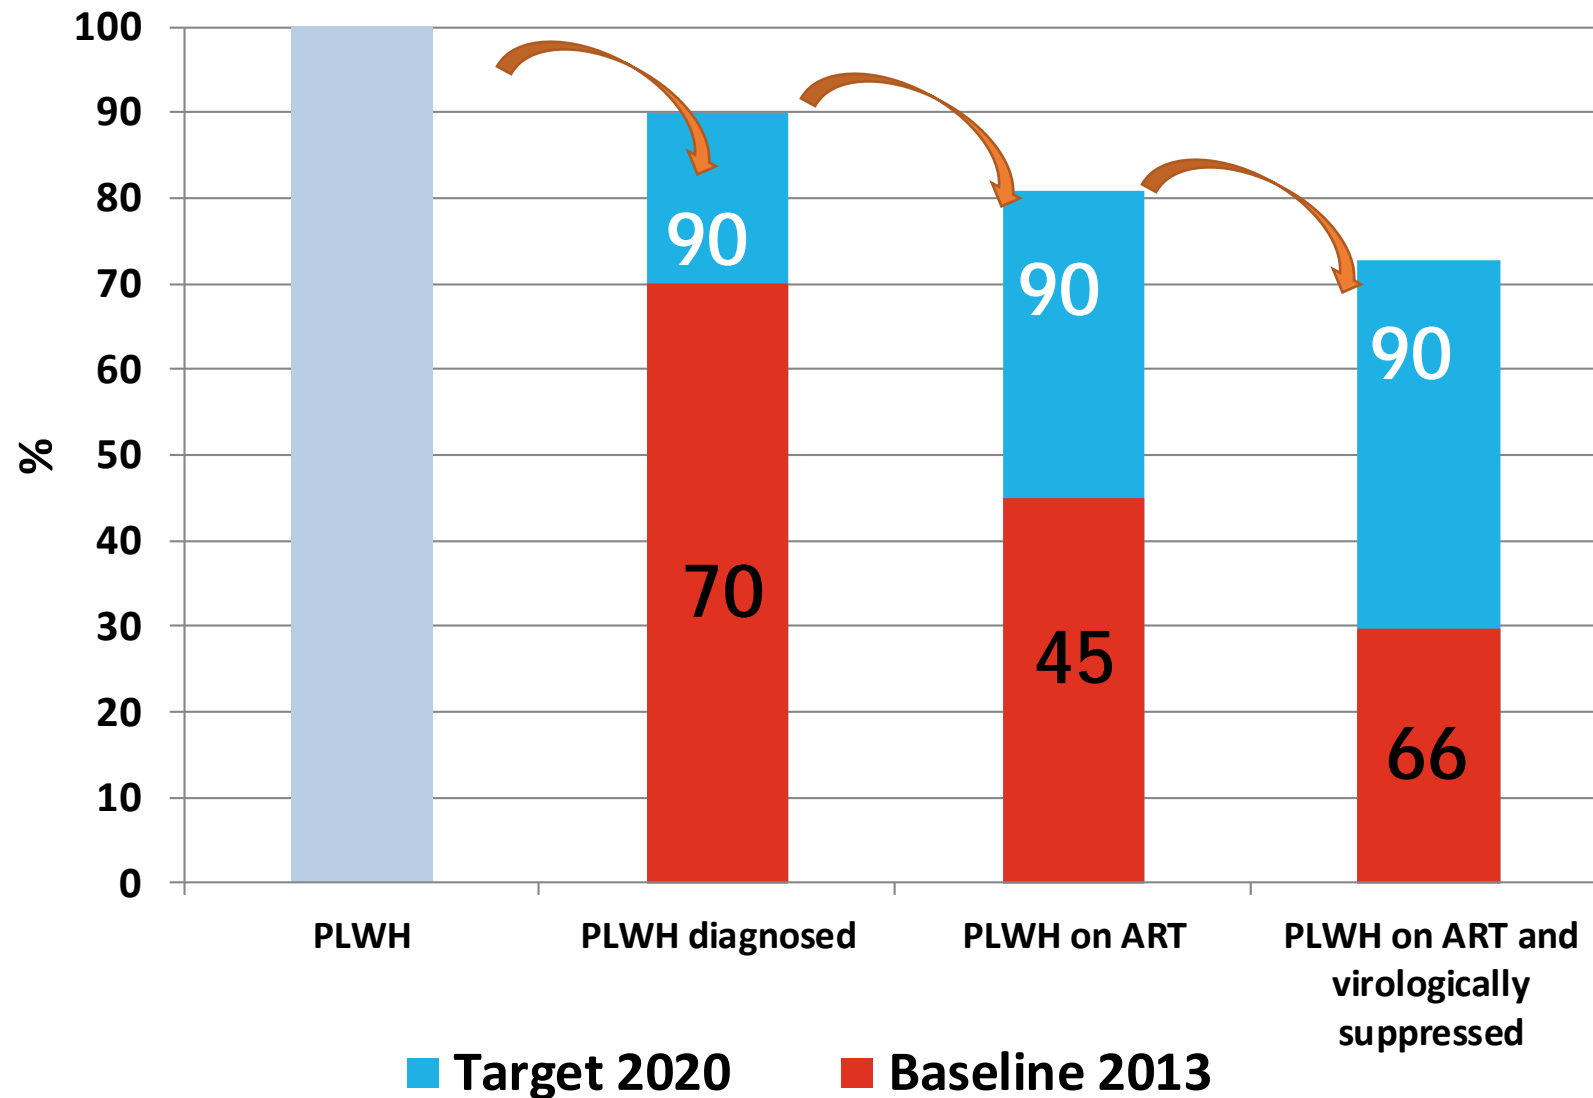

Persistence of Stigma and Discrimination A MAJOR BARRIER BUT

- Scientific developments lead to Changing the dialogue**
 - From Death Sentence to possibility of Ending AIDS
- UNAIDS 90-90-90 Targets // Possibility of CURE**
- Integrated Health Approach // Taking AIDS out of Isolation**
- UN HLM 2016//UNAIDS Fast Track// PANCAP JFA**
 - Partnerships// Global Solidarity // Financial Sustainability
 - Community// Fast track countries// Reduced dependence on ODA

Science of TREATMENT AS PREVENTION

UNAIDS 90%-90%-90% Targets (2014)

Baseline 2013: 70%-45%-66%

INTERRELATED : INTERVENTIONS for C4C

Reaching Targets by 2030

- 90-90-90 Test – Treat – Undetected
- Fast Track: Prevention, Treatment Stigma and Discrimination
- Sustainable Financing

Outcomes of Targets : ACCESS +:

- Controlling the spread of HIV : Life Cycle Approach
- Adopting a human rights/rights based approach
- Applying a community based approach to reach underserved populations

PRINCIPLES & TARGETS OF ADVOCACY : ACCESS TO PUBLIC HEALTH
As A Human Right

Messages TEST - TREAT– DEFEAT/undetected=uninfectuous

Affordable treatment and laboratory services: human right

Efficient/Effective/Integrated Health Systems:

Reliable Data for evidenced based decision making

What is measured is managed so data matters

Education and Information: *to inform behaviour change*

Social Protection : *alleviating structural barriers*

Social Justice: *Leaving no one behind*

Enabling Environment: *Community/Global solidarity.*

MACRO LEVEL TRANSFORMATIVE FRAMEWORK: UHC- SDG3.8

Encompassing Multilevel/Integrated Approaches

All Roads Lead to Universal Health Coverage [WHO DG]

SDG#3.8 Access to UHC including financial risk protection , access to quality health care and safe , affordable essential medicines and vaccines

Many countries at different levels – even at low levels of national - income– have UHC

Implementing UHC more a political than economic choice

FACILITATING OPPORTUNITIES FOR ADVOCACY : PANCAP STRATEGIC STAKEHOLDERS OUTCOMES

- ❑ Establish **Regional Consultative Groups** meeting virtually to coordinate implementation of recommendations
- ❑ Convene **National Networks with broad based representatives** to agree on strategies and priorities for action
- ❑ Utilize **PANCAP Communications /website as hub** for exchange and dissemination information
- ❑ Foster **M&E Capability within PANCAP** based on robust data collection and analysis to inform policy making
- ❑ Support the **Revival of PANCAP's Champions or Change** designed as a catalyst for accelerating the AIDS response through **Collective Leadership**

Strategic Stakeholder outcome : Faith Leaders Consultation [Feb 2017] Recommend Meeting with representatives of LGBTI to discuss formula for ending AIDS in Caribbean.

EVERY CARIBBEAN WOMAN EVERY CARIBBEAN CHILD

Functional Area

**First Ladies
Network
(SCLAN)**

**HE 4 She
Promoting
Gender Equality**

Reducing
teenage
pregnancies

Reducing
Cervical
Cancer

**Kamina Johnson Smith (JA), First Lady Sandra Granger (Guy),
PM Timothy Harris (SKN), Patricia Scotland, SG Commonwealth**

Options for Champions for Change: Stigma and Discrimination + outcomes of one strategic Forum/ Functional area

<u>STRATEGIC STAKEHOLDER OUTCOMES</u>	
1. Faith Leaders	Promote healthy living Identify best practices/gaps in prevention/types of cooperation
2. Youth	Prevention, peer counseling and new leadership
3. Parliamentarians	Legislative & Representative Oversight: Budget/ M&E PANCAP Model policy
4. Civil Society	Social justice and protection
<u>FUNCTIONAL AREAS</u>	
1. Empowering Women, Children and Adolescents	Promote CARIWAC Initiative & Jurist project
2. Data gathering Analysis and Research	Focus on enhancing evidence based policy/
3. Strategic information and innovation	Connecting stakeholders , outreach to communities
4. Promoting the Regional in the Global arena	National/regional solidarity

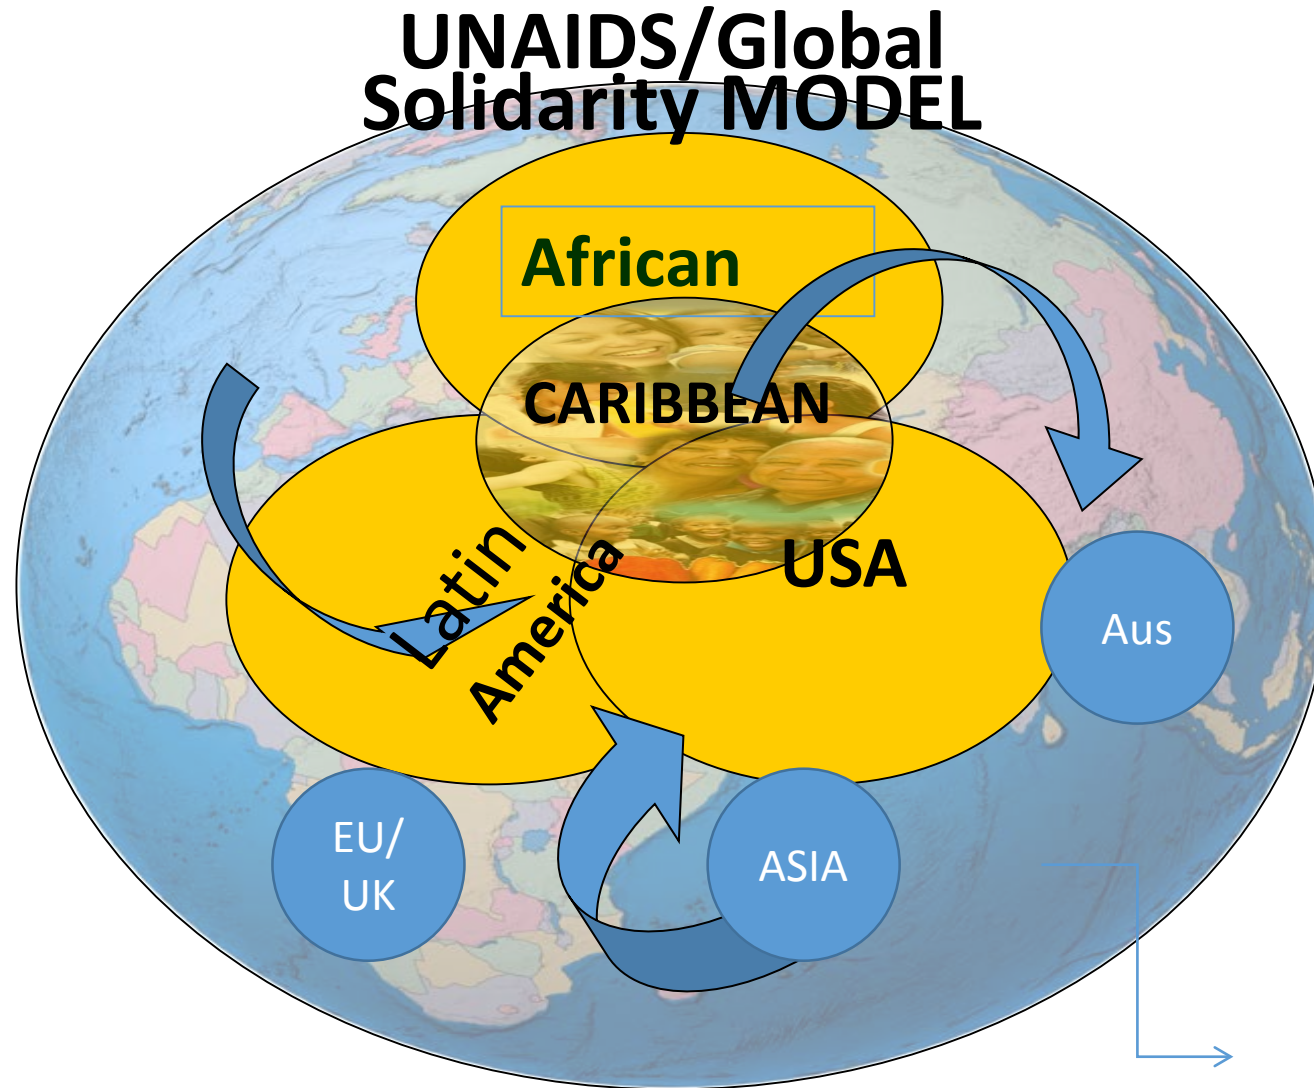

Options for Champions for Change: Implementing the chosen Options *one strategic Forum/ Functional area*

<u>ORIENTATION</u>	PANCAP IN COLLABORATION WITH UNAIDS Identify best practices/prevention gaps in /types of cooperation
2.SEMINARS DESIGNED TO ENHANCE KNOWLEDGE	PANCAP KNOWLEDGE CENTRE WEBINAR MODULES
3. POLICY GUIDANCE ON OUTCOMES OF STRATEGIC STAKEHOLDER OUTCOMES/FUNCTIONAL AREAS	PANCAP in collaboration with selected partners : UNAIDS, UNDP, UNICEF., PAHO/WHO
4.KEY POPULATIONS	Modules coordinated by CVC-C &URAP
5. STRATEGIC INFORMATION, DATA AND ANALYSIS	PANCAP KNOWLEDGE CENTRE + UNAIDS, UWI , Live-up CMA
6 . PLANNING AND IMPLEMENTATION	Developing TORS for each C4C /
7. SHARING CHALLENGES AND SUCCESSES Strategic information and innovation	VIRTUAL CONNECTIONS & coopted engagement in Events
8. Region in the Global OUTREACH	M&E

UNAIDS GLOBAL SOLIDARITY MODEL

Best wishes to Champions for Change

Thank you
